ATM BILL ACCEPTOR

SCREWING TOOL

## Usage:

0. Make sure that template is printed correctly (distance between the holes should be 220mm).
1. Build the screwing tool based on the picture on the right.
2. Place this template on the wall into desired height.
3. Make sure the template is level.
4. Use a pencil to mark the position of the holes on the wall.
5. Remove the template and drill 2 marked holes with 10mm drill.
6. Insert the screw anchors (10mm) into the holes in wall.
7. Insert the screws (6mm) into the anchors.
8. Hang the ATM onto the wall on new screws.
9. Use a pencil to make mark the third bottom hole from within the ATM.
10. Remove the ATM and drill the third hole.
11. Insert screw anchor into the third hole.
12. Hang the ATM on the wall again.
13. Tighten the top screws.
14. Insert and tighten third bottom screw from within the ATM.
